# Digital Transformation

## Xerox Dealer Panelists

#### Panelists:

Josh Salkin is a partner at <u>EDGE Business Systems</u>, Roswell, Georgia. He has more than 20 years of document imaging industry experience, all in the Atlanta, Georgia, market. Salkin held various sales, specialist and management positions at IKON Office Solutions and Duplicating Products before joining EDGE as a partner in January 2013. He has been a member of Xerox and Canon's dealer advisory councils and is always eager to learn about new, innovative ways to improve EDGE's go-to-market strategy, as well as help provide feedback to improve the dealer community. Salkin holds a bachelor of science in financial management from the University of Alabama.

Tim Stanley is problem solver/owner at <u>TDSiT</u>, Lowell, Arkansas. He graduated from the University of Illinois in 1987 with a bachelor's degree in journalism on a full ride athletic football scholarship. Stanley started his document management career in 1988, serving on the sales and national account team for Eastman Kodak. In 1996, Stanley quit his successful, full-time job to start his own business where he would not have to relocate every few years. TDS Inc. outgrew the sole-source Xerox agency program and became a true multiline dealership in 2020. It now can sell, service and provide supplies for Xerox, Epson and Lexmark technologies. In 2021, TDS began doing business as TDSiT and relocated to Lowell.

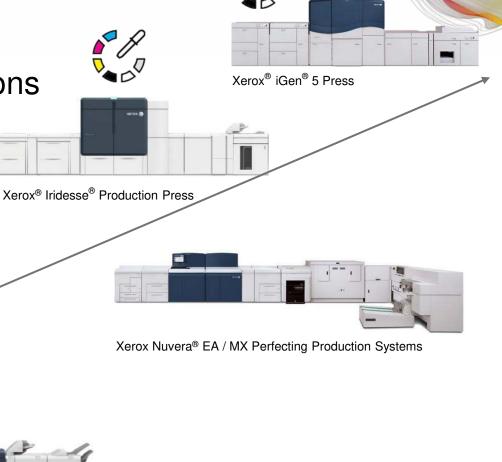

### Xerox® Production Portfolio

A complete eco system with end-to-end solutions

Xerox® Versant® VR280 Press

Xerox® PrimeLink® C9065/C9070

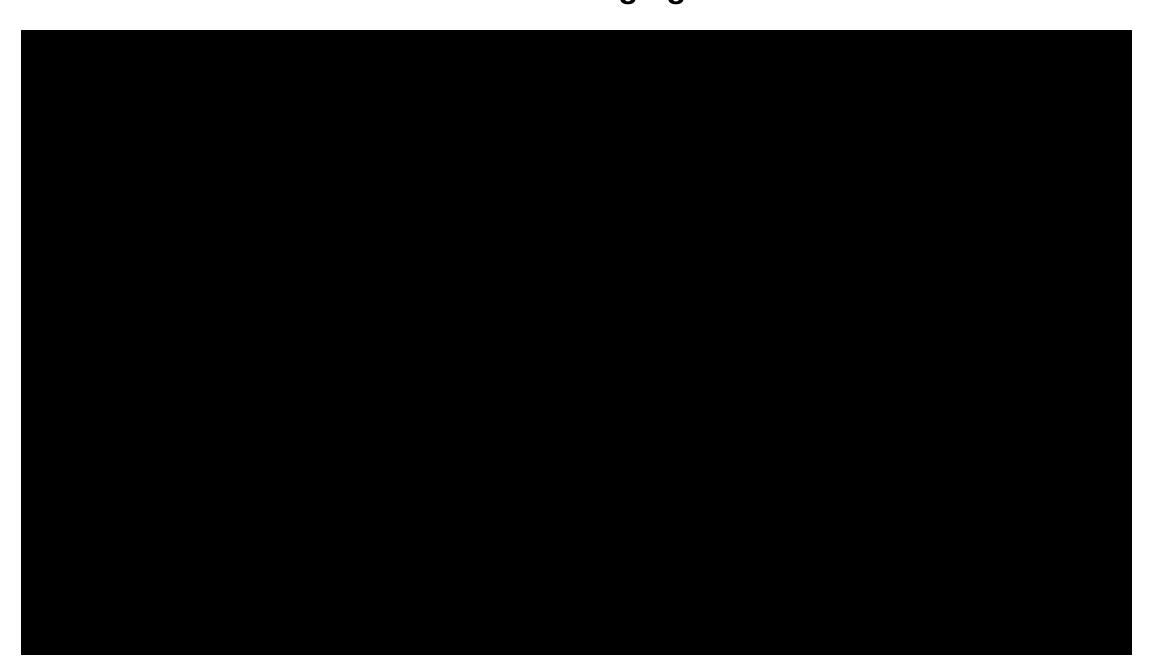

Xerox® Primelink B9100 Series Family

### WHY PRIMELINK? We can sell it ... EVERYWHERE!

Diverse applications and environments, in color or black and white.

# **Quick, Franchise, or Enterprise/In-Plant Printers**

- Sophisticated jobs, manuals, calendars, catalogs
- High quality output, fast turnarounds

## Legal, Insurance, and Healthcare

- Evidentiary/discovery/ case management documents
- Built-in Bates Stamping, reduce-to-fit, in-line punch, high productivity
- Meets industry-specific security requirements like FIPS and HIPAA

## Service Bureau or Data Center

- Statements, bills, schedules
- · Data stream support, high reliability

### **Office Workgroup**

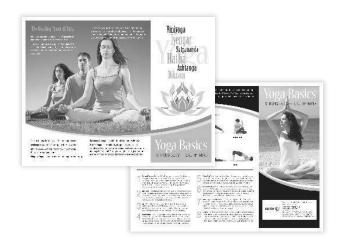

- Newsletters, presentations
- Ease of use, on-the-fly changes, data security

### **Education**

- Curriculum materials, workbooks
- Stapled or punched, tabbed, collated or uncollated sets with slip sheets, layflat binding, fast copying, and broad media capacity

### WHY PRIMELINK? ? .....a SCALABLE solution!

# Versant® 280/4100 Family!

The all-in-one, ever-evolving, scalable, field-proven **profit builder**. Reimagined to deliver a customized production press with everything you need!

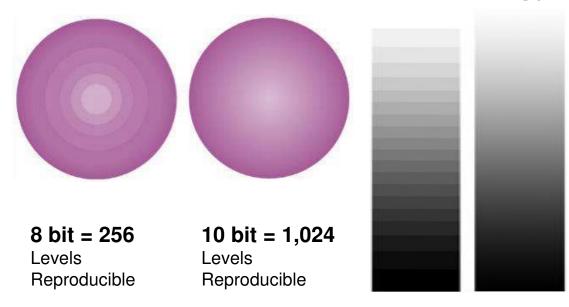

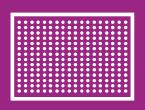

Xerox® Versant® 4100 Press w/ Full Width Array and Predict Print Media Manager

# 10-bit rendering- a Xerox Exclusive! UNDISPUTED HIGHEST QUALITY IN THE MARKET! Let it rip. Nobody comes close!

Xerox® Ultra HD Resolution Technology

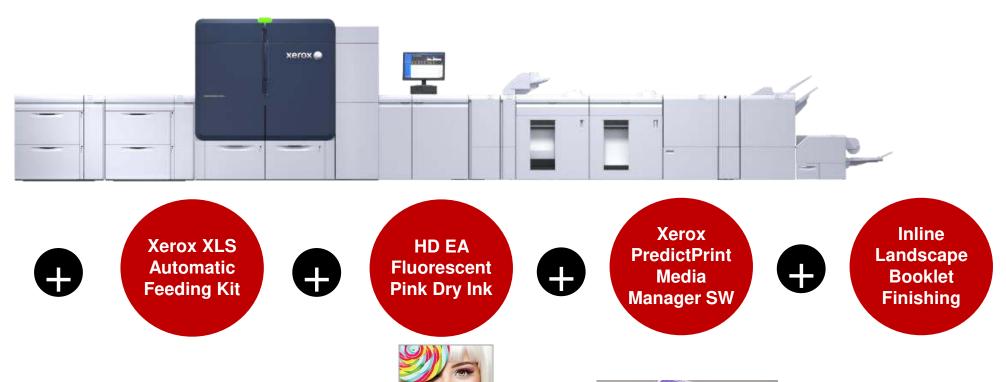

Ultra HD combines 1200 x 1200 RIP rendering with 2400 x 2400 imaging at the engine. While other presses may RIP at 1200 x 1200, Versant/Iridesse are the only ones with a 10-bit pipeline to send data to the engine. That's up to four times more pixel data than other presses.

# Xerox® Iridesse® Production Press

## The only device in the market with 6 color inline!

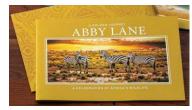

Xerox EX-P 6

**Print Server** 

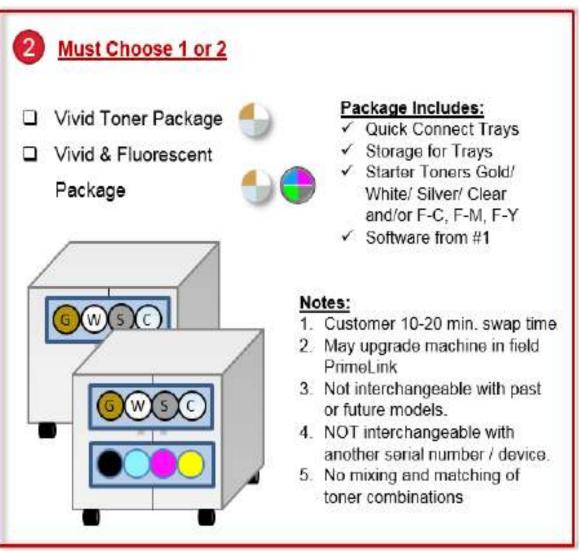

## Xerox® Adaptive CMYK Plus Technology

Double your design freedom – get 3 printers in 1
