Chief Operations Officer

Tigerpaw is on the prowl for a quirky, fun and friendly Chief Operations Officer (COO) to help drive the forward momentum of the company and our team of over-caffeinated Tigers.

On any given day, this role may call upon you to... facilitate inter-office billiard tournaments, engage in gif or meme wars, and assist in frying up unhealthy amounts of bacon as occasion demands to help fuel our hungry tigers. (Breakfast burritos and coffee should excite you.)
